Chris:

Here's the response from Evgenij regarding your question about the Toxorhynchites study.
Thanks

Brinda

Hello,

No, they cited the publication listed below. They submitted the study done in guppies (Appendix H of the T-0039).

Nordin O., Donald W., Ming W.H., Ney T.G., Mohamed K.A., Halim N.A.A., Winskill P., Hadi A.A., Muhammad Z.S.i., Lacroix R., Scaife S., McKemey A.R., Beech C., Shahnaz M., Alphey L., Nimmo D.D., Nazni W.A. & Lee H.L. (2013) Oral Ingestion of Transgenic RIDL Ae. aegypti Larvae Has No Negative Effect on Two Predator Toxorhynchites Species. In: PLoS ONE, p. e58805.

Subject: question

Hi Evgenij

Do you know if Oxitec submitted the actual study with data to us on the Toxorhynchites feeding study? Let me know if we have this study as Chris W at EPA wants to know.

Thanks

brinda
